[REDACTED] The materiel was loaded by 9 officers and 30 EM wearing red-bordered black epaulets. Source expressed the belief that they subsequently escorted the shipment. On 6 June, the Friedrich August Kaserne and the Hindenburg Kaserne were occupied by about 150 to 200 troops. Source learned that another shipment had been entrained on 1 June. On 1 and 6 June, all vehicle sheds were closed. An SP gun, which source believed was a JSU-122 gun, and a canvas-covered SP gun or tank was in the barracks area. On 6 June, about 20 soldiers wearing red-bordered black epaulets with tank insignia engaged in ball games in the barracks yard. Trucks [REDACTED] 25X1

[REDACTED] Comment. The bulk of the 220th Hv Tank SP Regt of the Eighth Gds Army stationed there was at the post prior to mid-May. [REDACTED] The information in the report tends to indicate that major elements left, presumably for Ohrdruf and/or Letzling Heath, as had been observed in early April. 25X1
